

KONČAR - AVA 45

Industrial computer intended for 19" rack implementation in harsh environments, based on Advantech chassis and Intel motherboard.

Designed for high reliability, this computer is manufactured in ISO 9001:2000 certified factory using high MTBF power supply and motherboard, powerful cooling fans with dust protection filters, with redundant hard disks.

CONFIGURATION:

Processor:

- Intel Celeron D 336 (2.8 GHz, 256 kB cache) or
- Intel Pentium 4 631 (3.0 GHz, 2MB cache) or
- Intel Pentium D 930 (2 x 3.0 GHz, 2MB cache)

Motherboard:

- Intel 945P, 4 PCI slots, 1 x PCI-Express x16, 2 x PCI-Express x1
- Intel PRO/1000 ethernet on-board
- 6-channel sound on-board
- 4xUSB 2.0, FireWire 1394a, Centronics, RS-232
- SATA and ATA disks supported

RAM:

- 512 MB DDRII SDAM, max. 4GB

Disk:

- 2 x 80 GB SerialATA II (RAID 1 mirror)

Graphics:

- nVidia 6600, 128MB, DVI, PCI-Express x 16

Chassis:

- Advantech 19" 4U, ATX 300 W power supply (100000 hr MTBF),
- 450 mm depth

Optical drive:

- DVD+-R/W Dual Layer

Floppy disk:

- FDD 3,5" 1,44 MB

OS:

- Support for Microsoft Windows NT 4.0 and Microsoft Windows XP Pro
- other OS drivers available on demand
