SAS HW RAID Driver for Windows* 64bit

This package contains the Microsoft Windows* 2003 x64 driver for the Intel® RAID Controllers SRCSAS18E and SRCSAS144E and Intel® Server Boards utilizing the SROMBSAS18E Serial Attached SCSI (SAS) controller.

Please see the included readme.txt file for installation instructions.

For complete installation steps please refer to the product's Software User Guide.

Note:
There may be specific operating system server pack requirements for this driver. Please see the readme file for detailed driver information and additional information.
